

Hi-Lo® 500 Flip Top™ Display Lift for touch screen, digital signage and VC

table top

45 degrees

vertical

Description

The Hi-Lo® 500 Flip Top™ Display Lift provides a mobile, height adjustable screen mount which is able to tilt from table top (0 degrees) to vertical (90 degrees), suitable for screens up to 55 inches or 55kg.

Application

Ideal for touch screen and digital signage the Hi-Lo® 500 Flip Top™ Display Lift offers great flexibility for users of new technologies for screens up to 55" or 55kg.

Designed specifically for easy wheelchair access and users of all heights the Hi-Lo® 500 Flip Top™ Display Lift ensures interaction is safe and easy.

The height adjustment is electrically driven for a smooth and simple operation.

The tilt action is either electric or manually operated with a neutrally buoyant mechanism for additional safety.
