

Desktop Articulating Arm For 10" to 22" LCD Screens

The Desktop Articulating Mount lets you optimize your LCD screen viewing angle / position by providing full 3D ergonomic screen positioning. The advanced gas-strut and ball joint mechanism allows effortless adjustments to be made to your LCD screen height, tilt, swivel, swing and extension. Achieve almost any viewing angle / position with a quick adjustment or retract the arm to a compact size increasing your work surface area. Perfect for office applications, it mounts easily to LCD screens and incorporates cable management. Designed to offer superior strength and ergonomics, the die-cast aluminum body is an attractive addition to any workspace.

- Multi-directional adjustments (lift, lower, tilt, swivel, swing and extend) for optimal viewing
- Mounting options for virtually all surfaces (desktop clamp and desktop bolt included)
- Advanced cable management design
